

DIY Hot Glue Fall Leaf Suncatchers

Beginner - 45-60 min hands-on + 10-15 min cooling - makes 3-4 leaves

— WHAT YOU'LL NEED —

- ☐ Low-temp mini hot glue gun, 1

- ☐ Clear glue sticks (match your gun), 6

- ☐ Colored glue sticks (fall colors), 8-10

- ☐ Parchment or wax paper, 2-3 sheets

- ☐ Leaf outlines (printed or drawn), 3

- ☐ Real fall leaves for tracing, 3-4

- ☐ Painter's tape, 1 roll

- ☐ Scissors, 1 pair

- ☐ Toothpicks, 5

- ☐ Twine, 36 in (90 cm)

- ☐ Suction-cup hooks, 3-4

[illegible]

- ☐ Tape parchment over a leaf outline.
- ☐ Warm the low-temp glue gun 5 minutes.
- ☐ Trace outline and veins in clear glue.
- ☐ Fill sections with colored glue squiggles.
- ☐ Let each leaf cool flat 10–15 minutes.
- ☐ Peel it off the parchment slowly.
- ☐ Glue a twine loop to the back top.
- ☐ Hang on a sunny window with suction cups.
