Crystal Care Checklist & Cleansing Log

Cleansing, charging and storage notes. This printable is not a substitute for professional help.

CRYSTAL CARE CHECKLIST

- [ ] Wipe dust with a soft dry cloth
- [ ] Check if the stone is water-safe before rinsing
- [ ] Cleanse with moonlight, sound or dry salt
- [ ] Charge in soft morning light
- [ ] Keep sun-sensitive stones out of direct sun
- [ ] Store each stone separately to avoid scratches
- [ ] Note any chips, cloudiness or dull spots
- [ ] Write the date and method in your log

NOTES

Crystal Care Log

Which crystal did you care for today?

What method did you use, and why?

How did the stone look before and after?

What will you try next time?

My Crystal Notes

Crystals I keep out of water

Crystals that fade in sun

My favorite cleansing method

Where I store each stone

Stones I want to learn next
